WHAT IS THE TEACHER BENEVOLENT FUND?

In times of uncertainty, support becomes a bridge to hope. Our fund serves as a vital resource of temporary financial relief for those who nurture our children's minds and hearts.

OUR STORY

In March 2020, when the world faced unprecedented challenges, the community at Little Bridges came together. Recognizing the hardships faced by our teachers and staff, we launched the Teacher Benevolent Fund, guided by the principles of compassion and generosity, to provide temporary financial assistance to those in need.

OUR PRINCIPLES

We operate with transparency and accountability. Our dedicated oversight committee consists of:

- a pastor
- a Little Bridges administrator
- a church financial expert

The committee safeguards the anonymity of the applicants and ensures fair distribution of assistance, in alignment with the fund's purpose.

“It can be emotional and stressful when unexpected financial issues arise; however, thanks to the fund for giving when I thought it would be a hardship for me. It's a blessing to have this service available at my work place.”
