April Showers

This April, our curriculum will focus on caring for the environment and Earth Day, teaching children the impact of their choices on Mother Earth. Across all classes, students will explore the core principles of reducing, reusing, and recycling. From learning about the lifecycle of a butterfly to watching seeds grow into flowers, your child will be amazed at God's beauty and how things grow.

Coming Up:

Spring Pictures

Spring pictures are coming soon! Mark your calendars for your class' scheduled photo day:

Sibling photos will be taken on the day of the youngest sibling's class.

This month's highlights include our Spring Show, "Magnified!", featuring our preschool children singing our songs about God's small miracles in nature. Additionally, our school aged children are participating in their April Community Service Outreach by organizing and conducting a "Clean Up Walk" throughout our neighborhood.
